

LASER HAIR REMOVAL PRE PROCEDURE INSTRUCTIONS

- Do NOT tan or use self-tanner 4 weeks prior to treatment
- Do NOT wax, pluck, tweeze, or use hair removal cream for 1 week prior to treatment. The laser needs the roots of the hair present to be effective.
- Do shave the night before your appointment. Try to get as close of a shave as possible.

We want you to have an outstanding result. If you have any questions or concerns before your procedure, please call the office at 713.344.0450.
