

BELLAFILL PRE PROCEDURE INSTRUCTIONS

Contraindications to Bellafill:

- Have a positive reaction to the Bellafill skin test
- Have a history of severe allergies and **hypersensitivity (anaphylaxis)**
- Are allergic to the anesthetic (**lidocaine**) in Bellafill
- Have a history of allergies to any **bovine collagen** products
- Are undergoing or planning to undergo **desensitization** injections to meat products
- Have bleeding disorders
- Are prone to irregularly shaped scars that progressively enlarge (**keloid**) and thick scarring (**hypertrophic**) formation.

Instructions:

- Avoid taking aspirin, non-steroidal anti-inflammatory drugs (NSAIDS) such as Motrin, Vitamin E, fish oil, ginger, ginkgo biloba, ginseng, and garlic 10-14 days prior to the procedure. These drugs and herbs may cause and increase in incidence of bleeding or bruising.
- There is no need to wear makeup on the day of your procedure. We will need to clean your face for the treatment.
- Please come well hydrated and make sure you eat a light snack if your treatment time is in between regular meal times.

**We want you to have an outstanding result.
If you have any questions or concerns before your procedure,
please call the office at 713.344.0450.**
